

BT 1.

```
public class Animal {
    String name;
    public Animal (String name) {
        this.name = name;
    }
    public void makeSound () {
        System.out.println (name + " Sound ...");
    }
}
```

```
class Pig extends Animal {
    public Pig (String name) {
        super (name);
    }
}
```

② override

```
public void makeSound () {
    System.out.println (name + " an in ");
}
```

```
class Cat extends Animal {
    public Cat (String name) {
        super (name);
    }
}
```

② override

```
public void makeSound() {  
    System.out.println(name + " meow meow");  
}
```

```
Class Dog extends Animal {  
    public Dog (String name) {  
        super(name);  
    }
```

@Override

```
public void makeSound() {  
    System.out.println(name + " gâu gâu");  
}
```

```
Class Bird extends Animal {  
    public Bird (String name) {  
        super(name);  
    }
```

@Override

```
public void makeSound() {  
    System.out.println(name + " chirp chirp");  
}
```

```
public class Main {  
    public static void main (String[] args) {
```

```
Pig p = new Pig ("hec con");  
Dog d = new Dog ("Hashy");  
Cat c = new Cat ("Xoan");  
Bird b = new Bird ("Chim se");  
    p.makeSound();  
    d.makeSound();  
    c.makeSound();  
    b.makeSound();
```

```
    }  
}
```

BP2:

```
class XeDap {
```

```
    String name;
```

```
    String speed;
```

```
    public XeDap (String name, String speed) {
```

```
        this.name = name;
```

```
        this.speed = speed;
```

```
    }
```

```
    void run () {
```

```
        System.out.println ( *name + "day" + speed  
        "day" + " " + name + " " + "day" + " " + speed );  
    }
```

```
class XeDapDien extends XeDap {
```

```
    @Override
```

```
    void run () {
```

```
        System.out.println (*name + "day" + speed);
```

```
    }
```

```
}
```

```
public class main {
```

```
    public static void main (String [] args) {
```

```
        XeDap d1 = new XeDapDien ("Yak", 40)
```

```
        d1.run ();
```

```
    }
```

```
}
```
